

TTT 394. "Your Voice Matters" Tips for new and inexperienced speakers. 24 December 2024

Teaching Tip 394 | "Your Voice Matters" - Tips for new and inexperienced speakers. A reminder." | Malcolm Cox

Last week, I shared an invitation to contribute your top three tips for inexperienced preachers and teachers to help shape a new video series launching in January 2025. Thank you to those who have already sent in their ideas—your insights are invaluable! So far, the tips have centred on the ideas of having a good personal devotional life, personal sharing and seeking feedback.

If you haven't had a chance to share yet, there's still time. I'm looking for simple, actionable tips on preparation, presentation, or both. Just one or two sentences per tip will suffice.

Just zap me an email or leave a comment with your top three tips—no need to overthink it!

For you experienced speakers, you've been there—your wisdom could be the encouragement someone else needs to take the next step! Your input will play a vital role in equipping the next generation of speakers to serve confidently and effectively. Please send me your tips by the end of December so I can incorporate them into the series.

Thank you again for partnering with me in this effort to support and inspire new preachers and teachers.

As an incentive, if you send me tips, I'd be happy to give free feedback on one of your sermons or lessons.

Please add your comments on this week's topic. We learn best when we learn in community.

Consider joining us at [AIM](#) UK & Ireland for faith-building teaching:
